These units offer full car gps navigation with a hide away control box. Simply connect to an existing monitor and use the remote control to guide you to your destination.

Add on Car Navigation System - qualitymobilevideo.com

How to power a multi-room music system. First, we show you how to build a fairly simple 2- or 3-room audio system using one receiver. Want sound in more than three rooms? It can get complicated, so you may want to consult an experienced system designer. To give you an idea of what's involved, we'll look at a typical 3-zone, 5-room system.
